

NORTH WESTERN CENTRE

Well for those of us involved the Anglesey Circuit Club was a very fitting end to yet another race season and despite the 'credit crunch' we have suffered on some of the grid numbers in some cases there has been an increase and we have witnessed some good racing at both Oulton Park and Anglesey in 2009.

On behalf of BRSCC NW, I would like to thank you for all your help and assistance.

With the advent of 'volunteers in motorsport' it has brought to the fore the necessity of recruitment to continue the infusion of new blood into the marshalling fraternity. On the face of it we have got one of the very best and pro-active recruitment teams here in the N.W and the country!

I would also like to thank you for your assistance at some of the other meetings I have been involved with and on behalf of the VSCC, HSCC, CSCC and Anglesey Circuit Club for your help and assistance it is most appreciative.

The dates for next year are starting to come in but I don't think they will be finalised until just after the Autosport show which is between the 14th to the 17th of January 2010.

Don't forget if you are a BRSCC member you can get free entry to the show.

As in previous years the volunteering forms will be e mailed to those marshals whose e address we have on the database, they will be on the BRSCC NW www.brscnww.com website and hard copy will be available at the training day's, which is on the weekend of the 20/21st February 2010. The BMMC NW will also send it to all there members as well.

Once again without your assistance and co-operation the sport would be a lot worse off.

May we also take this opportunity to wish you & your families a very Merry Christmas and a Happy New Year and that 2010 turns out to be more prosperous for us all.

Thanks again

Alistair Garrett – Chief Marshal – BRSCC NW
